School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

MLKHS is a unique learning environment that serves between 60-75 students at any given time. Students enter on a quarterly basis and exit whenever they have met graduation requirements, or return to the comprehensive high school; as a result, MLKHS enrolls approximately 140 students over the course of a school year. New students are referred through a Student Study Team (SST) process with the site principal and counselor to determine the appropriateness of placement at King. The school offers a voluntary educational option for high school students who are at least 16 years old and in the 11-12th grade. Tenth grade students are enrolled on a case by case basis. Students and parents choose King for a variety of reasons such as credit recovery, acceleration, flexible scheduling, a small learning community, one-on-one instruction, and/or to address special needs or circumstances (SPED/ELL). Since its inception in 1970, the school site and facilities, as well as staff, have expanded to better meet the needs for any student who needs an alternative educational route to a diploma.

Martin Luther King High School supports the individual student's educational journey toward earning a high school diploma. Our students gain both literacy and career skills, along with the necessary academics required for graduation. We teach vocational and technological skills which will help advance students' ability to succeed in today's job market and post secondary educational settings and beyond. Through a structured and caring educational environment, we strive to cultivate in each student a sense of responsibility and respect for themselves, the community, and the world at large.

Our school came together in Fall 2014 to clarify its values:

INDIVIDUALITY, FLEXIBILITY and CREATIVITY.

- We honor the individual learning styles and the diverse life paths of our students.
- We strive to provide a caring, unique and supportive environment.
- We value curiosity, questions, and the interests of our students.

RESPECT, DIVERSITY and SAFETY.

- We promote an atmosphere of acceptance and respect for all.
- Students have the right to learn, and we have the right to teach in a safe, supportive environment.
- Our school policies will be implemented with consistency and fairness.
- We use a team approach to foster high academic and behavioral standards.
- We encourage accountability, and seek to encourage intrinsic motivation for learning.
- We foster an environment that embraces learning from mistakes.

Ultimately, King focuses on the need to be present, productive, and positive!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Martin Luther King Continuation High School is a relatively new facility, having been built new and moved into in 2007, and meets all standards for good repair, as established by the Office of Public School Construction. There are no facility deficiencies. The district is working with the district to remove a tree, and construct a shed on site for the growing needs of the school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts/Literacy	28	32	69	71	44	48
Mathematics	11	3	65	65	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group

Grades Three through Eight and Grade Eleven (School Year 2015-16)

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	11	40	38	95.0	32.4
Male	11	33	32	97.0	29.0
Hispanic or Latino	11	18	18	100.0	5.9
White	11	15	15	100.0	53.3
Socioeconomically Disadvantaged	11	24	24	100.0	12.5

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2015-16)**

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded

White	11	15	15	100.0	7.1
Socioeconomically Disadvantaged	11	24	24	100.0	

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in Science by Student Group
Grades Five, Eight, and Ten (School Year 2015-16)**

Student Group	Total Enrollment	# of Students with Valid Scores	% of Students with Valid Scores	% of Students Proficient or Advanced
All Students				

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Career Technical Education Programs (School Year 2015-16)

All students at King High school are required to meet a 5 credit requirement in Career education. Students investigate their learning and personality styles as well as research careers that match their interests. Students are encouraged to apply for positions that allow them to broaden their outlook of careers. Students are taught how to interview for positions using mock interviews from staff and peers. In 2014, the school held a Career Fair for all students. Professionals from various occupations spoke to students about their career and the pathway to the career. Additionally, students are encouraged to investigate the community colleges in the area. Beginning each January, each senior meets with the counselor and fills out the FAFSA and registers for the community college of their choice. At least once per year, a field trip to the local community college is planned for all interested students.

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents are an important part of King High School. Each year, a back to school night event is held that includes dinner, an open house, and the opportunity for our parents to discuss ways to support each other. Parent representatives serve on the superintendent's parent advisory group, school site council, and are encouraged to serve on various district committees such as DELAC, AIM, and Special Education. Parents are kept abreast of happenings at King by list-serve announcements, School Loop email, and an updated website. Each fall King hosts a Back to School night, and in 2014 more than 25% of the students' families were represented. Parents are recruited to drive on field trips, and attend other outings in a supervisory capacity. In addition, at least one parent serves on interview committee for incoming staff. This year, 2 parents are actively involved in the district-wide LCAP Advisory Board and Superintendent's Advisory Board.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2016-17)

School safety begins with a focus on respect for and acceptance of others. The King HS staff monitors language and behavior in classrooms and between classes. King does not have an open campus, and students check in and out at the front office. All visitors enter the building through the front office and identify themselves to the secretary or principal. Emergency kits and safety binders are in all classrooms and are easily identified by their location. The school safety plan is available in the office and the School Site Council (SSC) reviews it every year. In the fall of 2016, a Crisis Response Protocol and a site-based Discipline Response Flow Chart were revised to facilitate consistent and effective response to all safety issues and instances of misbehavior. Quarterly fire drills, and annual lock-down drills are conducted to ensure staff and student readiness to all basic emergencies. In addition, the staff has access to all DJUSD personnel with the use of Nextel phones that will alert the administration of situations at King immediately.

Professional Development (Most Recent Three Years)

Davis Joint Unified School District focuses our professional growth system on our mission and objectives with priority given to social emotional intelligence, differentiated instruction, inquiry based instruction, implementation of the Common Core State Standards, closing the achievement and opportunity gap, as well as the formative assessment process. These focus areas were developed through the Strategic Plan and Local Control Accountability Plan goals along with teacher surveys and Principal feedback to ensure relevancy and meaning for our community.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff has opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for staff collaboration by sites in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade level/content peers through Common Core Collaboration Grants and collaboration is built into all professional development sessions. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning and in context learning. Examples of recent Davis Joint Unified School District professional learning include:

- Site developed training (TK – 12) based upon needs articulated by staff, parents, and students to meet specific needs and goals. Sites develop professional growth with the support of outside expertise, district leadership, and staff.
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices.
- Davis Joint Unified School District (7-12) Articulation breakout sessions by department where teacher experts lead and facilitate learning as well as keynote speakers addressing priority topics.
- English Language Development Series promoted by the County Office of Education to dissect the implementation and purpose(s) of the new English Language Development Standards.
- Yolo County Mental Health First Aid
- Restorative Practices
- Staff Book Groups on Mathematical Practices, Coaching Strategies, and impact of trauma (ACES)
