Pioneer Elementary School School Accountability Report Card Reported Using Data from the 2015-16 School Year Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

At Pioneer Elementary School we believe that all children will learn. We strive to know each child as an individual supporting their growth academically, socially, and emotionally. We provide individualized lessons to help students build the skills required for success in the new Common Core State Standards. These lessons provide appropriate support for general education students, GATE students, English learners, and special education students.

Our dedicated staff continually works to establish an environment that is conducive to learning. We do this by building strong relationships with our students and their families. We emphasize using life skills: organization, cooperation, initiative, caring and kindness, effort, friendship, problem solving, perseverance, and flexibility. Our school community recognizes and reciprocates these efforts with a high level of parent involvement in our school programs. As a result of the incredible resources in our school community, our students enjoy a valuable educational experience as they progress through the grade levels.

Thanks to our PTA, we have hired a part-time Student Support Counselor to work with classrooms to empower students to do and be the best individuals possible. With the support of our Site Council and PTA we are also able to add reading, math, and ELD aides to support student learning

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Pioneer Elementary School offers parents and extended family members a wide variety of opportunities to be involved in the school including an active PTA, Bravo Music program, Gardening Program, 1st grade CAPON Physical Ed program, literature circles, classroom aides, art projects, after school Math support, and field trips, Parents on the Playground and general classroom volunteer work. Parents also can join the Climate Committee and School Site Council.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-17)

Safety: We place a strong emphasis on safety. Staff and our School Site Council (SCC) review and revise emergency plans annually. This plan is also reviewed by district office staff. Every classroom has a copy of the Pioneer elementary Emergency Procedures with guidelines for emergencies. Staff reviews emergency procedures annually, at the beginning of the school year, and we schedule and practice fire drills every month, earthquake and lock down drills annually. Each teacher reviews emergency routines with their students twice annually, more often if needed. Core staff members have been trained and certified in CPI as well as the entire teaching staff have been trained on site in its basic concepts Our custodian checks the school grounds daily as a part of her safety check. Teachers supervise students before school, during recess periods, and at dismissal to ensure safety. We employ parents and young adults as yard duty supervisors to watch over our kids during lunch and lunch recess; parent volunteers sometimes join them. Yard duty superv9sors have also reviewed CPI goals. Parent volunteers and visitors check into our school office and register. When they sign in, they wear a sticker to show their presence has been approved. When parents leave for the day, we ask them to check out at the office. The district's careful use of resources ensures that students have access to clean and safe facilities. Facilities staff works within a scheduled preventive maintenance program to offset costly repairs whenever possible. Climate: Our teachers and administration focus on the positive and maintain a warm and constructive atmosphere in their classrooms. Teachers work with their students to identify appropriate behavior expectations as well as positive and negative consequences. We rarely have serious disciplinary problems. We find that conversations, redirection, and class meetings take care of most misbehavior.

Occasionally, a child needs a brief time-out, loss of recess, or another consequence—for example, a phone call home. We track behavior issues through the use of school citations and with a computerized student information management system.

We are fortunate that our parents are active partners in helping their children conduct themselves responsibly. We suspend or expel students only for serious problems, such as physical violence or repeated acts of vandalism. Students returning from suspension are supported for and encouraged to learn from the past and make better choices in the future. A school Climate is supported by an active parent community and PTA includes programs for empowering students to make positive decisions for solving problems that may arise and supporting an active Friendship month that emphasizes positive relationships.

Professional Development (Most Recent Three Years)

Davis Joint Unified School District focuses our professional growth system on our mission and objectives with priority given to social emotional intelligence, differentiated instruction, inquiry based instruction, implementation of the Common Core State Standards, closing the achievement and opportunity gap, as well as the formative assessment process. These focus areas were developed through the Strategic Plan and Local Control Accountability Plan goals along with teacher surveys and Principal feedback to ensure relevancy and meaning for our community.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff has opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for staff collaboration by sites in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade level/content peers through Common Core Collaboration Grants and collaboration is built into all professional development sessions. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning and in context learning. Examples of recent Davis Joint Unified School District professional learning include:

- Site developed training (TK 12) based upon needs articulated by staff, parents, and students to meet specific needs and goals. Sites develop professional growth with the support of outside expertise, district leadership, and staff.
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices.
- Davis Joint Unified School District (7-12) Articulation breakout sessions by department where teacher experts lead and facilitate learning as well as keynote speakers addressing priority topics.
- English Language Development Series promoted by the County Office of Education to dissect the implementation and purpose(s) of the new English Language Development Standards.
- Yolo County Mental Health First Aid
- Restorative Practices
- Staff Book Groups on Mathematical Practices, Coaching Strategies, and impact of trauma (ACES)
