Project Description: (please use a separate page if necessary)

The City of Davis, in cooperation with the California Department of Transportation (Caltrans), proposes to reconstruct the westbound ramps at the Interstate 80 (I-80)/Richards Boulevard interchange in the City of Davis by converting from a cloverleaf to a tight diamond configuration, construct a grade-separated bicycle and pedestrian path along the west side of Richards Boulevard, and make other related improvements to relieve existing congestion at the interchange to accommodate increased traffic demand generated by approved and/or proposed developments in the project area and to reduce conflicts between bicyclists, pedestrians, and vehicles.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
