Coroner releases first autopsy in North Davis incident

The Davis man shot by police officers last week after allegedly confronting a officer was identified as Drenkow Gray, 62, by the Yolo County Coroner's Office on Monday.

Christopher Joseph Gray, 29, an identified friend of Gray, said he was at the scene of Thursday's confrontation inside the house where Gray's mother, Peggy Eichorn, was believed to have been killed.

Eichorn, who was shot in the head with a handgun, was pronounced dead at the scene of Thursday's shooting.

The officer, who was shot in the head with a shotgun, continued to receive medical treatment at UC Davis Medical Center until his death.

The officer was shot in the head with a shotgun at the scene from her injuries, the nature of which are expected to be revealed following Tuesday's autopsy.

The department also plans to release audio and video recordings of the incident later this week, the date of which had not been determined. State law requires the release of that footage within 45 days of an officer's involved shooting or use of force death.
