Dear City Council Members,

Measure J now D was approved by voters and is good for Davis. I live in East Davis where there are many absentee landlords who would probably benefit by replacing their single family rented dwellings with 2, 3, and 4 plex units. I am for continuing our slow growth 1% rate. SACOG works, please continue our slow growth policies and our General Plan. We must encourage the university to build housing on campus for students, faculty, and staff because UCD has over

5,300 acres of land and a 900 acre campus. The other UC's have at least 50% on campus student housing, UCD must do better. It's not the city of Davis' responsibility. We already have far too many sprawling mega dorms. Yes, Davis is a college town but the university needs to do their fair share. They have the land, the city of Davis does not. Let's not forget the citizens who live here year round. I am one of them having moved to Davis in 1972, left in 1984, and returned in 1990.

Thank You,

Ann Privateer
