To: City of Davis City Council Members

From: Caitriona Moloney

I am a member of the Housing Element Committee and the Senior Citizens Commission, however I am only writing today as a private individual.

I would like to encourage the Council to designate a section of the HEC Report to Seniors, specifically encouraging the development and funding of age-restricted housing communities for all income levels of Davis residents. I realize the building codes already mandate certain modifications for senior housing, but I am recommending building communities of multi-level housing (for low income to above moderate income residents) that are age-restricted to those over 55 years of age.
