Attached is Part II of the series of articles I have co-authored on the breakdown of the HEC process and the apparent Brown Act violations by members of the HEC. This article was published yesterday in the Davisite and today in the Vanguard and rebuts the City Attorney's off-hand dismissal of our allegations of Brown Act improprieties in the HEC. We believe the violations are sufficiently egregious to negate the HEC vote on May 20 approving the additional recommendations wrongfully introduced to and considered by the HEC.

Our 3rd and final article in the series on Conflicts of Interest within the HEC will be published later today or tomorrow and I will forward it in due course.

Please feel free to contact me if you have any questions or wish for any additional information.

Thank you
