To the City of Davis Planning Commission:

Although the City of Davis has long been committed to affordable housing, the approach so far has been reactive, ad hoc and small scale. To address the community's needs, the Housing Element of the General Plan needs to be proactive, systematic and substantial. As an important step in the direction of that transformation, I urge the Planning Commission to include the Social Services Commission's proposal for a robust Housing Trust Fund within the Housing Element of the City's General Plan. Without a commitment to a clear, broad and ambitious plan with ample and reliable revenue streams, Davis will not be able to make progress in this critical area.

Thank you for your consideration.

Sincerely yours,
Joan Cadden
