Hello Jessica,

We are writing regarding the property located at 216 F St, Davis, CA 95616 and how it fits in the General Plan Housing Element draft. We are property owners and business owners of this property.

In the General Plan Housing Element report, Table 57 states that our property could be redeveloped for up to 4 moderate priced housing units. We would be open to having a designation to redevelop our property, preferably with commercial downstairs and residential upstairs.

Our business, PDQ, is still viable and we plan on being open for years to come. But it would be nice to have an option to develop the property in the future.

Thank you for your time,

Lynn & Laura Christensen
