Chair and Members
Housing Element Committee.

I want to add my voice of support for the **Housing Trust Fund** plan that the Social Services Commission approved and the Housing Element Committee recommended to be included in the Housing Element.

I believe the City of Davis should support the specifics plans for the

- ✓ unhoused,
- ✓ renters, and
- ✓ buyers,

whose needs are all addressed in the draft Housing Trust Fund. The **Housing Trust Fund** plan also identifies revenue sources to grow the Fund.

I am told the draft Housing Trust Fund should be an appendix to the Housing Element.

Please expedite this and any other actions necessary to improve housing affordability in our community.

Housing is a human right. This is jdistributional equity.

Thank you.
