Good Evening Housing Element Committee,

I am a Davis resident submitting commentary on the Housing Element Draft. I am in support of adding the following proposals to the final Housing Element, especially in light of the ASUCD/GSA Resolution:

- 1.
2. Removing
3. the 1% growth cap
- 4.
- 5.
6. The
7. development of ministerial approval processes
- 8.
- 9.
10. Building
11. on strip malls
- 12.
- 13.
14. Expand
15. middle housing by allowing duplexes, triplexes, and four places in current single-family zones, to open up apartments for students
- 16.
- 17.
18. Reducing
19. parking minimums
- 20.

Students make up an important part of the City. Although we may not be here for long, everyone, regardless of status or age, should be able to find an affordable home in this wonderful city. As planners, you all have the power and ability to work towards these goals.

Thank you,

--
