Subject: Request to include Housing Trust Document as appendix to General Plan

CAUTION: External email. Please verify sender before opening attachments or clicking on links.

Dear Housing Element Committee Members,

I am respectfully requesting that the Housing Trust Fund document developed by the Social Services Commission be included as an appendix to our Housing Element. We have so much talent, passion, and hard work coming from commissions which our city must incorporate in order to reflect our communities values. This document proactively identifies ways our city can become more inclusive. I look forward to your response.

Respectfully,
Francesca Wright
