Dear Chair Essex, Planning Commissioners, and City Staff,

I am attaching my comments regarding the Housing Element update that I had sent on May 14th to the Housing Element Committee. Thank you if you can review it since it covers a number of issues and concerns which are critical regarding our Housing Element update. I will have another letter coming soon regarding the recent Housing Element Committee meeting.

Please feel free to contact me by phone at (530) 756-5165 if you have any questions, or wish to discuss.

Thank you for your time and consideration,

-Eileen M. Samitz
