Dear Chair Essex and Planning Commissioners,

I am attaching comments and concerns regarding the Housing Element Update Committee's recommendations. The vast majority of these recommendations do not reflect a broader view of the Davis community of a measured growth approach, and therefore I would appreciate Commission considering my comments regarding the recommendations. Please feel free to contact me if you have any questions or would like to discuss at (530) 756-5165.

Thank you for your time and consideration,

Eileen M. Samitz
