Subject: Re Housing Element Update

CAUTION: External email. Please verify sender before opening attachments or clicking on links.

Dear Commissioners,

Measure J now D was approved by voters and is good for Davis. We presently have far too many sprawling mega dorms and a dire need for single family affordable mixed use housing and retail that will represent the citizens living and working in Davis with a place for their cars.

Davis is a college town but let us not forget the citizens who live here year round and for many years. I am one of them having moved to Davis in 1972, left in 1984, and returned in 1990.

Thank You,

Ann Privateer
