

## CANDIDATE STATEMENT

Name: Robb Davis  
Occupation: Public Health Practitioner

I will bring to the City Council a strong commitment to fiscal responsibility and transparency in all City affairs. I am an independent thinker and collaborative problem solver.

My family moved to Davis in 1999. My two adult children and grandchildren live here. My wife is a student adviser at UC Davis.

I have over 25 years experience building maternal and child health programs around the world. I hold Masters and PhD degrees from Johns Hopkins University School of Public Health. Locally, I work on homelessness, helped launch Neighborhood Courts, serve on the Bicycle Advisory Commission, and worked on the Downtown Parking Task Force.

Our difficult fiscal situation must be addressed forthrightly and with discipline. This will require comprehensive economic development strategies and achieving a match between revenues and costs. My community building experience will be a valuable asset in addressing these challenges.

The tough economic realities must not distract us from meeting the needs of the most vulnerable members of our community or from promoting environmentally sustainable practices.
