

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE C

“WHEN IT COMES TO DRUGS, JUST SAY NO!”

That is what you need to consider when you vote on Measure C on June 7.

The Davis City Council has lost its way and in the city of a nuclear free zone, city of a toad tunnel, and one of the most educated in America, they now want us to participate in the drug business. Instead of leading us into a “Davis Drug Free Zone” they want to profit up to 10% tax of the sales of marijuana businesses. That makes the city council a partner in the illegal drug business. I hope you are just as outraged as we are and vote NO on Measure C.

If you vote YES on Measure C, you are telling the City Council that it is OK to get a piece of the drug business and by doing so you are also approving the existence of marijuana stores for recreational use in Davis. Currently we do not have them. Our city will become a magnet for drug users and drug dealers. If you vote NO you send a message to the City Council to make Davis a “Drug Free City”.

If our City participates in the drug business, can we tell the drug cartels in Central and South America not to grow marijuana or bring drugs into this country?

Think about it. With your vote say: “When it comes to drugs, just say NO”

Vote NO on Measure C
