

## CANDIDATE STATEMENT

**LINDA DEOS**

Age: 57

Occupation: Consumer Protection Attorney/Small Business Owner

We must focus on these important issues facing Davis:

- Building affordable housing for our families, students, and seniors.
- Fixing our crumbling roads, bike paths, and sidewalks.
- Diversifying our revenue sources by encouraging economic development.
- Being fiscally responsible through continued cost containment.
- Working with the County and UC Davis to protect our high quality of life.

Solutions to these issues requires independence, the strength to say “no” to proposals that are not in the best interest of the whole community, and to insist on a transparent process that includes robust community participation.

I have 30 years of public service and currently serve on the Davis Personnel Board and the Yolo County Health Council. This service, along with 20 years of negotiating contracts, mediating complex settlements, and managing budgets gives me the experience to serve and lead our community.

In Davis we care passionately about our residents, our schools, and our environment. I will strive to maintain and build upon these passions so that we protect the Davis we all love.

I would be honored to have your vote.
