7. Commission and Staff Communications

A. **Planning Project Update.**
   The Commission discussed the residential housing report that staff attached to the meeting packet. The Commission, however, expressed their desire for the report to return as an informational item. Staff suggested that since the Planning Commission expressed a similar sentiment, the City should convene a joint workshop. The Commission liked the idea and posed the following questions as potential areas of focus:

   - What are the timeframes for the General Plan, Core Area Specific Plan, and Housing Element? How do the timeframes overlap?
   - How are the Regional Housing Needs Allocation (RHNA) numbers derived?
   - What are the local impacts of the State’s 2017 affordable housing legislation?
   - What roles does the 1989 memorandum of understanding with UC Davis play? Is the City planning to update the memorandum in light of the General Plan and Long Range Development Plan updates?
   - How does the Housing Trust Fund operate? Are there ways to raise additional money for the fund?

Hashimoto shared that the West Davis Active Adult Community agreed to comply with the Commission’s recommendation to implement a sliding scale fee for senior renters who wish to utilize homeowner association amenities. Hashimoto explained the Planning Commission hearing was on April 11, while the City Council hearing is tentatively set for May 29. Hashimoto also shared that the economic analysis examining multifamily rental inclusionary housing will not be complete until late summer or early fall.

B. **Social Services Commission Work Plan.**
   The Commission discussed the potential of inviting a representative from UC Davis’ student affordable housing task force to attend May’s meeting. Staff agreed to work with Commissioner Kalman to continue exploring the possibility.

8. **Adjourn**
   Tomasky adjourned the meeting at 9:03 p.m.
