6. Regular Items

A. 2019-2020 Community Development Block Grant (CDBG) and Housing Investment Partnerships Program (HOME) Supplemental Funding Recommendations

Staff Presentation:
Lisa Baker explained that the City received its 2019-20 allocation amount from HUD and since the allocation is higher than originally planned, staff is seeking revised funding recommendations. For the public service dollars, Baker elaborated that staff is recommending increasing the awards for returning applicants to the minimum request, but maintaining the previous award for new applicants. She concluded staff is recommending allocating the remaining balance of $4,954 to the Interfaith Rotating Winter Shelter. For the public facilities dollars, staff is recommending allocating $246,777 to the New Pathways house located at 512 Fifth Street, which is in need of rehabilitation.

Public Comment:
Robyn Waxman: Waxman introduced herself as the Executive Director of FARM Davis. Waxman explained that FARM Davis received CDBG funds in the past; however, they withdrew their application this year after finding the
City’s requirements and requests for information too onerous as compared to previous years. Waxman concluded that their withdrawal means that the organization will be scaling back and will no longer have a farm manager.

**Commission Questions/Discussion:**
The Commission discussed the City’s process of providing technical assistance to both applicants who want to apply and to applicants who are out of compliance with federal regulations. The Commission also discussed whether to recommend that the City Council provide one-year of local funding to FARM Davis with the expectation that staff work with FARM Davis to improve their data collection methodology by next year’s CDBG funding cycle.

Ultimately, Kalman moved to table the discussion and asked staff to add the reexamination of the CDBG application and technical assistance processes to a future agenda with a second by Valencia.

2. The extension would allow for the public review of the draft Downtown Specific Plan informing future downtown housing opportunities
3. The extension would allow for the City to receive Regional Housing Needs Allocation expectations from HCD and SACOG, identifying expected housing production numbers at varying levels that the City will need to plan for over the next RHNA cycle that will start in November 1, 2021
B. Social Services Commission Long Range Calendar
