BUDGET HIGHLIGHTS

FY 2012-13

Personnel costs were projected with an assumed Total Compensation savings factor on the basis of bargaining contracts which were in negotiations. A portion of these savings were achieved with mid-year contracts.

FY 2013-14

- The overall personnel budget from 12/13 to 13/14 on a total personnel cost basis does not show savings as one would expect with the new MOU’s in place. The savings is masked by the increased base cost of removing the savings factor assumed in total compensation calculations from FY 12/13 and replacing them with the new MOU’s, which are designed to achieve the savings over the next 3 years.

- Increases were also included to the city insurance costs such as Workers Compensation and Unemployment.

- In addition to MOU’s adjustments, one vacant Building Inspector I position has been reclassified to an Office Assistant II, to assist with current resource needs within the building division. There is a cost savings in making the change.

- The Economic Development program has been shifted to the City Manager’s Office, moving the Economic Development Coordinator position and related economic expenses out of the Community Development & Sustainability budget.

- An Administrative Analyst position has been added to the Public Works department and will be working a portion of their time in support of Community Development administration and budget.

- Civic Arts & Art in Public Places programs have been moved into Community Development from the Administrative Services Department, bringing with it a Community Services Supervisor position and related programming expenses.

- Correct program cost for Community Development Administrator, shifting time out of Economic Development into Community Development Administration in recognition of ED moving to City Manager’s Office and Civic Arts moving into Community Development. This change is a shift in hours between departments only, not change in cost or funding source.

FY 12/13 to 13/14 Major Changes

Operating Expenditures:
No major changes

Salaries & Benefits:
Salary costs are showing higher than FY12/13 Adopted due in part to the removal of the savings cost factor as well as increases in City insurance costs like Worker’s Compensation, Retiree Medical, Unemployment and others.

Salaries and benefits also include the incremental cost on an Administrative Analyst position that has been added to the Public Works department in FY 13/14, which will also be supporting budget & general administration for the Community Development and Sustainability Department.

Correct program cost for Community Development Administrator, shifting time out of Economic Development into Community Development Administration in recognition of ED moving to City Manager’s Office and Civic Arts moving into Community Development. This change is a shift in hours between departments only, not change in cost or funding source.

FY 12/13 to 13/14 Major Changes

Operating Expenditures:
Operating costs have seen a reduction in internal services charges, which reflect reduced costs for Fleet Services, IS Services, Stores and Duplicating/Postal service charges.

The Economic Development program has been shifted to the City Manager’s Office moving operating expenses out of the Community Development & Sustainability budget.

Civic Arts & Art in Public Places programs have been moved into Community Development from the Administrative Services Department, bringing with it related programming expenses and funding.

Salaries & Benefits:
Salary costs are showing higher than FY12/13 Adopted due in part to the removal of the savings cost factor as well as increases in City insurance costs like Worker’s Compensation, Retiree Medical, Unemployment and others.

Salaries and benefits also include the movement of the Economic Development Coordinator position to the City Manager’s Office, bringing in a Community Services Coordinator for Civic Arts. Upon completion of various Capital Improvement Projects human resources have been redirected, and City Clerk staffing services to Planning Commission have been shifted to better account for developer reimbursements.
