

**City of Davis  
Notice of Public Hearing**

**Date: October 29, 2023**

The City of Davis **Planning Commission** will conduct a public hearing on the project, described below, at a meeting beginning at **7:00 p.m. on Wednesday, November 8, 2023**, in the Community Chambers, City Offices, 23 Russell Boulevard, Davis, California. The meeting agenda is generally available on the City's Website five (5) days prior to the hearing date. Please contact the City Clerk's Office or Community Development and Sustainability Department for the approximate time this item will be heard.

The project also requires a subsequent public hearing by the City of Davis City Council, which will include additional public noticing when it is scheduled.

**Project Name:** City of Davis 2021-2029 Housing Element Update (Version 3) and General Plan Amendment and Rezone to Meet Regional Housing Needs Allocation

**Project Location:** Various (16 sites city-wide listed below), City of Davis

**Property Owners:** Various

**Project Applicant:** City of Davis

**Project File:** Planning Application #22-05 for General Plan Amendment #01-22, Rezone/Preliminary Planned Development #01-22 and #05-22, Negative Declaration #03-22

**Project Description**

The proposed project includes the adoption of the City's revised 6<sup>th</sup> Cycle Housing Element (2021-2029) (Version 3). The 6<sup>th</sup> Cycle Housing Element was previously adopted by the City on January 31, 2023, but has since been revised in response to a second round of comments from the California Department of Housing and Community Development. Adoption of the Housing Element requires approval of a General Plan Amendment by the City of Davis City Council.

The Housing Element addresses the City's housing needs for this planning cycle and shows how the City intends to meet the Regional Housing Needs Allocation (RHNA) numbers assigned by the Sacramento Area Council of Governments (SACOG) and the State of California. The RHNA for the City of Davis includes a total of 2,075 housing

units consisting of 580 very low-income units, 350 low-income units, 340 moderate-income units, and 805 above moderate-income units.

The proposed project does not include any actual physical development of housing identified in the Housing Element. However, the City proposes to revise its site inventory to identify additional sites to accommodate the (revised) shortfall of 496 lower income housing units, as discussed in the Housing Element. The City also proposes to rezone 16 sites and has identified a 753-unit capacity that exceeds the 496 dwelling unit shortfall requirement.

The 16 sites would have the following proposed changes to their General Plan designation and Zoning. Proposed Planned Development (PD) Zoning of the sites would be either to a high density residential PD (#01-22) or a high density residential mixed use PD (#05-22) with development standards and a minimum residential requirement of 20 units per acre to meet necessary density requirements, or added as a new high density overlay zoning district. Development projects consistent with the residential requirement and PD standards would be processed as an administrative design review.

In addition, the City of Davis has prepared an Initial Study for the project and intends to adopt a Negative Declaration for the project.

### **Environmental Determination**

An Initial Study analyzing the potential environmental impacts of the project has been conducted and a Negative Declaration prepared in accordance CEQA requirements. The Initial Study shows that there is no substantial evidence, in light of the whole record before the agency, that the project may have a significant effect on the environment. A 20-day public comment period on the Negative Declaration, which was previously noticed, began on October 18, 2023 and ends on November 7, 2023.
