Worksheet Summary

Provide a full description of your determination and a synopsis of the information that it was based on, such as:

- Map panel numbers and dates
- Names of all consulted parties and relevant consultation dates
- Names of plans or reports and relevant page numbers
- Any additional requirements specific to your program or region

Include all documentation supporting your findings in your submission to HUD.

According to the Federal Insurance Rate Map for the project site (panels 06113C0592G and 06113C0584G, effective 6/18/2010), the entire project site is located within Special Flood Hazard Area (SFHA) Zone A Without Base Flood Elevation. The site has been elevated 4-6 feet and a Letter of Map Revision (LOMR) has been submitted to identify the West Davis Active Adult Community area as outside of the special flood hazard zone; however, the LOMR has not yet been approved by FEMA. If the LOMR is rejected by FEMA, the developer will obtain proof of flood insurance for the property prior to construction.
